You will need to enter your social security number or student ID number, your date of birth, and the displayed security code to activate your MyLIU account.

Activate My Account

All Long Island University students are provided with a My LIU account and an e-mail address. A single username and password allows you access to both of these accounts. To activate your account for the first time, use the form below.

Enter your LUID (your student ID) or your Social Security Number (SSN) and your birthday in the MMDDYYYY (Month + Day + Year) format. Then, click the Activate My Account button. This activates your account and confirms your username and password, providing access to both My LIU and to your My LIU e-mail.

For example: If your LUID is 123456789 (or your SSN is 123-45-6789) and your birthday is 03/25/1979 (March 25th, 1979), please type in:
